# Since Jesus Called My Name

## Verse 1

I've heard a mornin robin sweetly sing a melody  
I love to hear wind whisper as it wonders through the trees  
I'm thankful for these earthly sounds that every day I hear  
But only one voice changed my heart when it fell upon my ear

## Chorus

Since Jesus called my name I've been forever changed  
No sweeter word was ever heard than when He called to me  
And since the day He called I've lived to give my all  
I've never been the same since Jesus called my name

## Verse 2

People say that money talks and that may well be true  
But all of this world's gain could never make this old heart new  
Folks will tell you there's no God and faith is just a myth  
But there's no way a fairy tale could make me feel like this

## Chorus

Since Jesus called my name I've been forever changed  
No sweeter word was ever heard than when He called to me  
And since the day He called I've lived to give my all  
I've never been the same since Jesus called my name

## Bridge

He could have called ten thousand angels  
The day he died on calvary  
But then instead of calling angels

# You Can't Go That Far

## Verse 1

None of us are perfect we've all failed the Lord  
We struggle with our failures and need to be restored  
The voice of condemnation says you've crossed God's final line  
But there's no place so dark the light of mercy cannot find

## Chorus

You'll never be beyond His mercy You can't go that far  
The cross can bridge the distance to anywhere you are  
It doesn't matter where you've fallen

You'll never be beyond His mercy no You can't go that far

## Verse 2

God sent His Son Jesus to cover every sin  
And there's no one so hopeless that His grace can't bring back in  
His love can reach the secret place where un-forgiveness reigned  
and the message of the cross can reach the farthest soul away

An ambassador for Christ

Something wonderful has happened  
God turned my life around

When His saving power came down  
He worked a miracle inside of me  
Now happiness abounds

and I'm covered by the Blood of the Lamb

# The Blood Cried Out

## Verse 1

With my soul in the balance my accuser made his case  
It was clear I was guilty from the look on my face  
Assured of my sentence and resigned to my fate  
When the judge made it certain and I was led away

Hell has no hold on a sinner that's redeemed  
For God so loved the world and Calvary left no doubt  
Release the prisoner came the shout when the blood cried out
