

## **Abundantly**

We shall no longer be called afraid defeated or abandoned  
We shall no longer be called enslaved bound to this world  
For by His blood and by His word we've been declared over comers  
Joyful ones hopeful ones radiant children of God

He came that we might have new life and have it more abundantly  
He came that we might have new life and have it more abundantly

We shall no longer be called unloved wounded or hopeless  
We shall no longer be fearful of life's uncertainties  
For by His power and by his grace we've been given a new name of  
triumph  
Confident gifted ones heirs to the kingdom of God

Chorus twice

Life in the Lord is eternally blessed  
Going on the journey is God's faithfulness

## **Again & Again**

I've gotta raise my hands and raise the roof testify it at the top of my lungs

God loves it when his children start spreading the news

Proclaiming the good things he has done

I'm an heir to the throne, heaven's my home a walkin talking miracle it true

It's something I can't contain this praisin his name so don't ask me to stay in my pew.

I got a reason to shout hallelujah again and again and again

Jesus brought me out of bondage when he saved my soul from sin

I gotta tell everybody about it, I just can't keep it in

I got a reason to shout hallelujah again and again and again

I want to do my share of sharing my faith when the spirit gets ahold of me

I can't help myself I get vocal about it want the world to know I've been redeemed

I got a joy that lasts since he covered my past I'm forgiven livin for the king

He filled my cup I want to lift him up until the rafters ring

## Arms of Grace

The call came this morning the news wasn't good  
I'd take away your suffering if only I could  
But in spite of all the heartache and pain your going through  
Remember just beyond the sorrow hope is waiting for you

You can run into the arms of grace  
find your strength in the refuge of God's sweet embrace  
there is healing for you where every tear is erased  
You can run into the arms of grace

Tomorrow's a mystery and today's still unclear  
Its hard to know for sure where your goin from here  
But in the midst of the struggle he'll help you stand  
And you can get up and go on cause god says you can

Chorus

Weeping may endure for the night  
But joys gonna come with the morning light  
Walk by faith and not by sight  
Everything's gonna be alright

## **Forgiven Forgotten Forever Amen**

I came to Jesus ashamed of my sin  
Yet he loved me just as I was  
When I cried forgive me for what I have been god said  
Forgiven forgotten forever amen

Forgiven forgotten forever amen  
My sins are covered by the great I am  
My past is behind me it won't be brought up again  
Forgiven forgotten forever amen

When my accuser comes reminding me  
Of some past wrong I have done  
I remind him it's under the blood of the lamb god said  
Forgiven forgotten forever amen

## **I'm Believing God**

I'm believing god is gonna work this for my good  
No matter what the circumstances I'll trust him like I should  
When I take him at his word he does just what he said he would  
So I'm believing god is gonna work this for my good

Never been so devastated can't find the strength to stand  
It's hard to face a situation that's completely out of my hands  
But this divine appointment is something god allowed  
He said he'd never leave me so I'm counting on him now

Chorus

Holding on to all he's promised as I wait for god to move  
Don't know how or when he'll do it but I believe he will come through  
He's walked me out of trouble like so many times before  
So I'm praising him right now for what he's got in store

Chorus

Trust and obey for there's no other way  
To be happy in Jesus  
But to trust him....trust him..... trust him and obey  
But to trust him....trust him..... trust him and obey  
But to trust him....trust him..... trust him and obey

I'm believing god (3 times) is gonna work things for my good

## Little Is Much

If there's something god wants to do he's gonna do it  
If theres somthin the lord wants to use he's gonna use it  
You may not think much of what you have to give  
But watch what he does when you make it his

Little is much in the hands of great big god  
That's the way he works though it may seem odd  
Two tiny fishes and five loaves of bread  
With a little bitty lunch 5,000 were fed  
He took a shepherd boy a rock and a sling  
He brought the giant down with one small swing  
He can take a little make it seem like a lot  
Cause Little is much in the hands of great big god

Gods gonna move in your life when you least expect it  
He's gonna take what you got and he's gonna bless it yes he will  
He doesn't need more than a small seed of faith  
he'll make a mountain move out of your way

Chorus twice

## **Proclaim The Cross**

We often speak of Jesus as that baby in the hay  
We recall His signs and miracles and the wondrous things he'd  
say But if the story ended there how lost would we be  
For all that Jesus was could be summed up with calvary

Proclaim the cross proclaim the cross  
take the gospel of Jesus now to all the lost  
Lift up the blood stained banner high no matter the cost  
Until the world has heard, proclaim the cross

Go take the message to a world in need of him  
And tell the story to the nations that the blood still covers sin preach  
the death and resurrection in the power of Jesus name for the end is  
drawing nearer church your labors not in vane

## **Speak The Word**

You may facing the battle of your life  
you may feel defeated and just too weak to fight  
But there is strength to overcome in the name of the Lord  
when your covered by the blood and his word is your sword

Speak the word claim the name plead the blood  
Just do what he says and see what he does  
So whenever temptation comes in like a flood  
Speak the word claim the name plead the blood

God's word will silence your strongest enemy  
and the precious name of Jesus gives you all authority  
so you can tell the devil that he's already lost  
then point him to the blood on that old rugged cross

## **That's What Heaven Holds**

Behind the veil of heaven there are mysteries I don't know  
But I've heard the story all my life and I really want to go  
Not just for all the reasons that you'd expect to hear  
But if you knew the times I've said good bye I'm sure it would be clear

All the splendor of that city will be wonderful to see  
But there's so much more that's waiting and that's what heaven holds  
for me

Yes that's what heaven holds for me in the presence of Jesus what a  
moment that will be embracing my loved ones waiting there freedom  
from all my earthly care

One in the song of praise to him for all eternity  
And that's what heaven holds for me

I want to join the song of the redeemed crying holy  
Praises to the king of all kings well sing glory

that's what heaven holds for me in the presence of Jesus what a  
moment that will be embracing my loved ones waiting there freedom  
from all my earthly care

One in the song of praise to him for all eternity  
And that's what heaven holds for me

Sweet home of the happy and free  
Fair haven of rest for the weary  
How beautiful heaven must be

And that's what heaven holds (3 times).....for me

## **The Cross Was Enough**

A prisoner to the guilt and shame that I was livin it  
So aware of my transgressions held captive by my sin  
Never knew I'd need a savior to bridge the gap between  
The holiness of god and my own humanity  
In love the father saw everything that I could be  
He came down to where I was and with grace he met my need  
He became the sacrifice then paid the awful price

The cross was enough and now I am redeemed  
Jesus purchased my salvation through the blood of Calvary  
Justice said I'd never make it freedoms price was just too much  
But then mercy made a way with the cross and the cross was enough

Every moment I'm amazed at all the lord had done for me  
I love him with a thankful heart from a soul that's been set free  
And for all of my days I'll live to give him praise  
This is my testimony and it will always be

## **Victory Side**

Like those children of Israel I should leave the past behind  
There's a canaan of promise waiting on the other side  
40 years of walkin when it should have taken days  
My body's tired I've had enough I know I need a change

I'm walkin on with Jesus headin for the victory side  
I'm goin straight to canaan cause my father said it's mine  
I've wondered in the wilderness till I've made up my mind  
I'm walkin on with jesus headed for the victory side

I've heard there's milk and honey flowin in that land so free  
My heart gets so excited when I think it's all for me  
I feel a new strength rising that I can not contain  
It tell me to possess the land go on in Jesus name

Gods said its time to get there your blessing is at hand  
Get up my child and follow me into your promise land

## **Whatever You Have left**

Sent by god to widow in Zarephath to eat  
Elijah knew that what she had was more than she would need  
He said go take the last of what you have and prepare me a cake  
See I know your need is not for food your need is to obey

He said go into the house don't focus on what you need  
Gather all that you have left and bring it to me  
If your looking at what you don't have you will never be blessed  
Sometimes a miracle starts with whatever you have left

With her final cruse of oil and the last bit of meal  
She prepared it for the man of god, he ate and he was filled  
So god provided for her family for a year they were fed  
All because she had the faith to do all that he said

Chorus

Many times we come complaining into the house of god  
With our eyes on what we don't have instead of what we've got

God says come into this house chorus

If your looking at what you don't have you will never be blessed  
Sometimes a miracle starts with whatever you have left

## **When God Has Another Plan**

Forsaken by his brothers didn't fit the scene  
Being made a slave was not what Joseph dreamed  
The coat of many colors was stained with blood and lies  
But from this divine appointment a ruler would arise

When god has another plan  
Walk on and just say yes  
When god has another plan  
Be assured that he know best  
if all your dreams are shattered rest in his sufficient grace  
we don't have to understand  
When god has another plan

Alone and broken hearted questions fill your mind  
Changes can be hard that come by god's design  
But if you could see tomorrow with a view from heaven's throne  
Every unexpected struggle has led you closer home

Chorus

if all your dreams are shattered rest in his sufficient grace  
we don't have to understand  
When god has another plan
